EXPERIENCE LEVEL

EXPERIENCE LEVELS are generally broken down into beginner (6 or less months experience), intermediate (6 -18 months experience), advanced (18 + months experience). This includes experience in BJJ, Submission Wrestling, Judo, School Wrestling etc. Other factors that should be considered is your child's athleticism, participation in other sports (i.e. football, soccer, lacrosse, basketball etc.), and how often they train. Remember our goal is to challenge experienced Jr Grapplers and motivate the beginners. The Junior Grappling Association will move competitors up in experience levels based on dominant performance.
